## Features

### **+ Effective for soothing and moisturizing irritated skin**

An all in one product that has combined effects of soothing and moisturizing skin delivered through a gentle sheet mask.

The combined effects of skin relief and intense hydration make this product the best solution for your skin.

### **+ Made with 100% Cupra material**

100% regenerated cellulose fiber derived from cottonlinter that is gentle on the skin.

Made from the ultrafine, silky fibers that stick to the seeds of the cotton plant after it's been ginned.

### **+ Soft and gentle**

The Cupra sheet contains small fibers that feel soft and gentle on skin.

### **+ Unscented**

The mask is unscented.

\* What is Cottonlinter? Cottonlinter are the ultrafine, silky fibers on cotton seeds.
